

Storage Shed Request Form

Military Personnel living on Fort Carson are authorized to install personally purchased storage sheds at their quarters. The following provisions must be adhered to:

1. The storage shed shall be a pre-constructed metal, vinyl or wood type no larger than 10' x 10', and must be 3' from the building or any fence. The storage shed must be placed inside the fenced area of your yard. Fort Carson Garrison Commander Policy is ONE storage shed per quarters.
2. BE CAREFUL, you are liable for any damage or injury that may be caused during construction, use, and removal of the shed.
3. To prevent damage to buried utility lines and cables, do not dig in the family quarter's area until you receive a dig permit from Fort Carson DPW in Bldg. 221.
4. You are required to remove the storage shed before terminating quarters. Final clearance will only be granted after the shed is removed, and landscaping is returned to the original condition.
5. Sign and return this request to Fort Carson Family Housing, 7301 Woodfill Road, Suite 103 BEFORE you proceed with your purchase and installation.

I meet the above criteria and request permission to have a satellite dish installed on my Army family home.
